

SCHMERSAL AZM201

The AZM201 is a monitored guard locking system with an easy and intuitive operation. AZM201's can be connected in series with different safety bus system like: AS-i, SD-bus and PROFINET/PROFIsafe. Equipped with a one-hand escape release exit that functions even when it is de-energized.

With a special Troax bracket, the AZM201 can be easily fitted to both hinged- and sliding doors.

The lock complies with Performance Level e (Guard Locked) in accordance with EN ISO 13849-1 or SIL3 in accordance with EN 62061.

The AZM201 can be ordered via Troax and pre-assembled on your single hinged door, or we can supply the bracket to fit your choice of AZM-version.
