

SAFE FIX 60X40 BRACKET

The 60x40 bracket is the key detail in the Safe Fix system, where two panels are bolted together with the bracket in the middle. With this Partitioning system, the panels normally are placed directly to the floor and the 60x40 posts are always located behind the panels. So, for example, when using steel sheet panel UR SP, there will be no gaps in the wall.

FACTS

ART. NO	COMPONENTS
26504108	Bracket for 60x40 post
89050044	Bolt M8x55 Flange
89050525	Nut M8 (knurled collar)
