

ESPAGNOLETTE

The Espagnolette is an option to the Partitioning double hinged door system, the Espagnolette is operated from the inside only and adds more stability comparing with the floor bolt used as standard.

Features:

- Two point locking
- Fits both right and left versions, by moving the stop link of the lock housing
- The stop link limits the handle movement between open and closed positions
- Travel for each bolt bar is 28 mm for 560/13
