

PANEL UR325 PARTITIONING SYSTEM

Panel UR 325 is available in 7 widths between 200 mm up to 1500 mm. The mesh panels can be modified on-site to fit any space, providing security where required. UR 325 is the preferred mesh panel for aerosol storage and where small items are being stored. The mesh, constructed from press welded 2.5 mm wires with mesh aperture 25x25 mm, is welded to a 19x19 mm tubular frame for added strength. The system is fully demountable and relocatable.

Panels are supplied powder coated as standard with a grey RAL 7037 finish, however other RAL colours are available upon request. Panels can also be supplied hot dip galvanized for external use or in cold storage areas.

FACTS

ART. NO	COMPONENTS	HEIGHT (mm)	WIDTH (mm)	MESH SIZE (mm)	FRAME (mm)
35020201	Panel UR325 2200x200	2200	200	25x25	19x19
35030201	Panel UR325 2200x300	2200	300	25x25	19x19
