

PANEL UR350 PARTITIONING SYSTEM

Panel UR 350 is available in 8 widths between 200 mm up to 1500 mm. The mesh panels can be modified on-site to fit any space, providing security where required. The mesh, constructed from press welded 2.5 mm wires with mesh aperture 50x50 mm, is welded to a 19x19 mm tubular frame for added strength. The system is fully demountable and relocatable. The panels are supplied powder coated as standard with a grey RAL 7037 finish, however other RAL colours are available upon request. The panels can also be supplied in hot dip galvanized execution for external use or in cold storage areas.

FACTS

ART. NO	COMPONENTS	HEIGHT (mm)	WIDTH (mm)	MESH SIZE (mm)	FRAME (mm)
