

EURO CYLINDER LOCK

The cylinder lock is a strong metal locking tube equipped with a lock from SFF. The locking tube and the striking plate are reinforced with a welded steel cover to reduce the risk of tampering. The addition of hooks make it impossible to open the door by pulling it sideways. There are a range of profile cylinders available; double or single sided with same or different locking options. The Cylinder Lock can be supplied pre-assembled on our single hinged doors, or supplied as parts in a kit for mounting on site.

FACTS

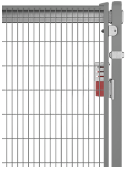

ART. NO	COMPONENTS
36905710	Kit 5710 EC Lock Hinged Door
36905720	Kit 5720 EC Lock Sliding Door
36905730	Kit 5730 EC Lock double Hinged
36905750	Kit 5750 EC Lock Hinged 80x80
36905760	Kit 5760 EC Lock Sliding 80x80
36905780	Kit 5780 EC Lock double Sliding

Euro Cylinder from Troax

Keyed Alike: All cylinders in a set can be unlocked using the same key. All locks with identical cylinder must be ordered together in one shipment and cannot be supplemented with additional keys or cylinders later on. Each cylinder is delivered with three keys.

Keyed Different: Each lock and cylinder have unique keys. Each cylinder is delivered with three keys.
