

Bastion Sliding Doors

Single Skin Steel Sliding Doors

Where space is at a premium Bastion sliding doors offer a great alternative to a regular hinge door without sacrificing any of the security the Bastion system is known for.

Bastion sliding doors are constructed in the same method as the panels using 40mm x 40mm angle framework to create a very secure door system.

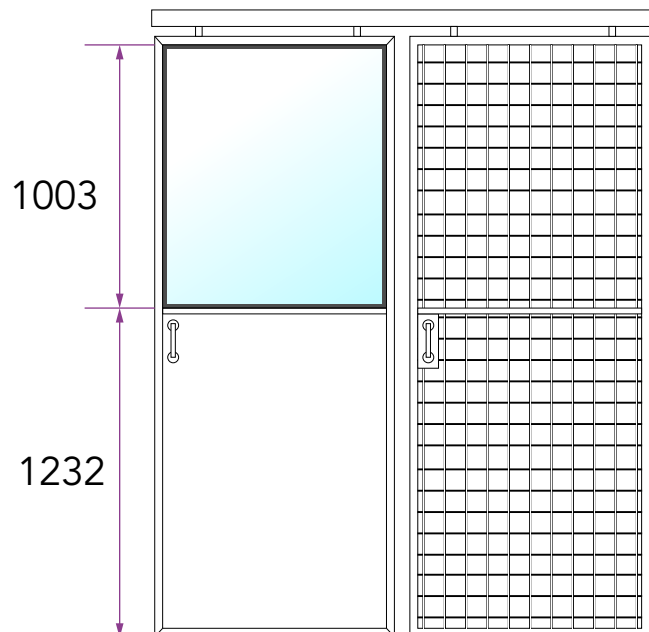

Facts

Bastion sliding doors are available in full mesh, full steel, steel/mesh and steel/glazed. All the sliding doors as standard have a black finish hard wearing pull handle and padlockable bolts.

A selection of trolleys are available, this ensures the Bastion range of sliding doors is as versatile as possible to accommodate to a wide variety of door sizes.

Panel Width (mm)	Panel Height (mm)			
	2440	2743	3000	3657
900	✓	✓	✓	✓
1200	✓	✓	✓	✓
1800	✓	✓	✓	✓
2400	✓	✓	✓	✓
