

# Elan Sliding Doors

## Double Skin Steel Sliding Doors

Elan sliding doors provide the full aesthetic benefits that come with a Troax high quality double skin steel system.

The sliding door is the perfect solution for creating practical access points where space is at a premium. Multiple size options and accessories available making the sliding door suitable for numerous applications.

## Facts

Elan sliding doors are available in full steel and glazed options. All the sliding doors as standard have a claw lock and flush pull handle. Pelmet's are supplied to cover the track mechanism ensuring a clean and tidy finish.

A selection of trolleys are available to ensure a large variety of door sizes can be met.

Panels can be infilled with mineral wool and a variety of fire rated types of glass are available upon request.

Panel Width (mm)	Panel Height (mm)
