# DOUBLE LOCKER

The Double Locker system is available in both UR350 and UX450 execution all around the front, back, side- and top. There are two standard door widths, 500mm and 800mm. The walls in the depth can be built using all eight standard panel widths.

Panels are supplied powder coated as standard with a grey RAL 7037 finish, however other RAL colours are available upon request. Panels can also be supplied hot dip galvanized for external use or in cold storage areas.
