

ELECTROMAGNETIC LOCK

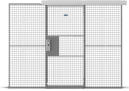

With Troax electromagnetic lock solution you will get a very cost-efficient solution, compatible with a tag/code/card system, for a sliding door. Our Kit 7910 Magnet sliding door includes a door anchor bracket, a magnet bracket, a guide distance bracket, a handle and bolts & nuts. The door magnet is not included in the door kit and must be added. Compatible door magnets are: CDVI V1SR, 180kg, 12/24Vdc, CDVI V3SR, 300kg, 12/24Vdc (available on stock), ABB Magne, 150kg, 24Vdc. All magnets are fail unlocked.
