

Troax appoints new Regional Director for North America

Hillerstorp 27th of September 2022, 14:30 CET

As Troax projects advance, new increased demands are placed on our organization. Troax has therefore decided to strengthen the organization in the USA and hired Jose Nuñez as a new Regional Director for the American operations. He will take up his position on October 4, 2022. This gives the opportunity to further develop the organization and customer relations in North America.

"In order for us to stay one step ahead and maintain our world-leading position, we are happy to now have hired Jose Nuñez, who will contribute with significant experience and streamline operations", says Thomas Widstrand, President and CEO, Troax Group AB.

Jose has previously positions mainly within Caterpillar, the world's leading manufacturer of construction and mining equipment, where he showed leadership, problem-solving and continuous improvement within different management positions.

"I see great potential in Troax and will do my utmost to use my previous experience to contribute to the company's continued value creation", comments Jose Nuñez.

In connection with that, former regional manager for North America, Thomas Sareyko, has left the company as of September 20. Troax would like to thank him for his fine efforts and wish him the best of luck in the future.
